WHO SHOULD WATCH THIS TRAINING VIDEO - MARKETING MANAGER

Welcome to the Social Media Manager Training on creating your first post using the Social Media Manager. In this section we are going to go over how to create a brand new post from scratch and how to use the graphics editor. We will also discuss how to use and edit the stock images found in the graphics editor, how to use the calendar view to come up with posting suggestions, and how to use the graphics editor to edit and make the post suggestions your own.

Topics Include:

- Creating a brand new post
- Using the graphics editor
- Calendar View
- Content Suggestions
- Stock Images

No Time For Videos:

- **STEP 1 - LOG IN TO SOCIAL MEDIA MANAGER**

Go to social.morethanrewards.com to log into the Social Media Manager using the login credentials we provide you.

- **STEP 2 - CLICK CREATE POST**

Once logged in, click on the "CREATE POST" button in the top right corner of any page. This will take you to the post editor.

- **STEP 3 - SELECT SOCIAL ACCOUNTS TO POST TO**

Select which of your connected social media accounts you would like this post to be published to.

USING THE GRAPHICS EDITOR

You can use "Ideas" to select an image or graphic to use, otherwise you can create your own all together. Click "Background" to select a stock image or click "Upload" to upload your own image from your computer. Use "Text" and "Objects" to add to your image; you can edit colors, fonts, opacity, layers, etc. to customize your design. Click "USE" when your image is all set.

- **STEP 6 - PUBLISH YOUR POST**

You can click "Publish Now" to post right away, click "Add to Queue" to publish at the next designated time, click "Schedule" to select a specific date and time for the post to go out, or click "Save As" to save your draft to revisit later.

- **STEP 4 - ENTER POST TEXT**

Type in the post content in the space provided.

- **STEP 5 - ADD/CREATE IMAGE**

Click "Upload Photo/GIF/Video" to upload a file from your computer. Otherwise you can click "Create Image" to build something from scratch using our Graphics Editor.

- **STEP 7 - UPCOMING EVENTS**

Click on the "CALENDAR" tab, and then click on "Upcoming Events" for some post ideas and graphics for holidays, historical events, etc. for upcoming days. This can help give you inspiration if you aren't sure what to post. Select an idea you want to use, and you can use the graphics editor to customize the image and post if wanted.

Welcome to the Social Media Manager Training on how to create a paid boosted post. In this section, we are going to discuss how to create a Facebook Ad account and how to boost your post. We will also discuss how to set up a budget, how to target specific demographics, and how to use the analytics tab to view how successful your post has been.

Topics Include:

- How to create a Facebook Ad account
- How to create a boosted post
- How to set your budget
- How to setup target demographics
- How to use the Analytics Tab to see how successful your post has been

No Time For Videos:

- **STEP 1 - CREATE FACEBOOK AD ACCOUNT**

If you don't already have a Facebook Ad account, you can learn how to setup one up [here](#). This should be linked to the same account you have connected to the Social Media Manager to work.

- **STEP 2 - SELECT BOOST POST OPTION IN POST EDITOR**

In the "Post Editor", click the toggle labeled "Boost post" on the right side. Select the account, campaign, targeting demographics, if you want to boost on Instagram, budget, and how long you want to ad to run for.

USING ANALYTICS TO MONITOR SUCCESS OF BOOSTED POSTS

Click on "Analytics" and then "Statistics" to view the Reach (organic and advertising), Clicks, Visits, Likes, Comments, and Shares of individual posts.

This will provide a snapshot of post statistics; refer to Facebook for additional details if needed.
